

**Recital Information For Students Age 2 and 2 ½**

We know our littlest dancers are really tiny, and we are always looking for ways to insure that their portion of the recital performance is a positive experience for them. All the 2 and 2 ½ year old classes will come together for their **very own recital** here on our stage at the studio. They are more likely to actually perform **here** where the stage is not so big and overwhelming and they can *still see your face* in the audience. **Admission is free.** You don't have to purchase any tickets. Bring your relatives; it's free for them too! You may bring up to 12 audience members per student. **Your recital fee is \$20.00** which covers the trophy and your time on our small stage. The show is *less than one hour long* and there will be a **trophy presentation** after your child's dance where **Dad can present flowers** to his little girl on stage. There will be plenty of opportunity for you to get **pictures** on stage *after* they dance and there will be a **professional photographer** at the studio as well in case you want to have pictures made with a backdrop. There will be a professional videographer with a **DVD available for \$15.00** per dancer. For performances on our small stage *you may also videotape* as long as you do **NOT** use a tripod/monopod.
